# WELCOME TO REVOLUVIP

Worlds Largest GDS Based Travel Network

Introducing RevoluVIP

In 2017, Travelucion, the wholly owned travel subsidiary of [CUV Ventures](#) attained audited gross online travel sales of \$2.5 Million dollars from a single tourism destination in the Caribbean.

Having concluded the aforementioned trial and, assembled the in-house technical team, RevoluVIP, a new division of Travelucion, will now apply this proven expertise across +100 countries and 28 specific cities, perhaps multiplying revenues 100 fold into travel markets that, in some cases, receive 10 times the annual visitors of Travelucion's initial test market.

RevoluVIP will also launch the world's first members only travel club, providing members with unbeatable rates, depending on their membership affiliation of either; Diamond, Gold or Silver.

VENTURES CORP

“

*The current travel industry, as experienced by consumers, is based upon offers of; Flights, Hotels, B&B's, Tours, Attractions, Cruises, Car Rentals and Vacation Packages, published by wholesale GDS (Global Distribution System) suppliers who exclusively distribute to licensed travel retailers. The best known GDS suppliers are Amadeus, Sabre and Travelport. Much like supermarkets don't manufacture the Kellogg's cornflakes they sell, the travel industry, via consumer retail websites, simply displays offers from wholesale GDS suppliers, incorporating their respective price mark-up. This means that identical offers are displayed across a myriad of travel websites, the only difference being; the price mark-up an individual website has added. It's time to disrupt this archaic model, returning the power to the consumer and, RevoluVIP will achieve this revolutionary milestone.*

# MESSAGE FROM OUR CTO

REVOLUVIP

*In 2002, shortly after I graduated from University in Computer Science, I began working with Mr. Marshall. Over the past 16 years, we've developed and launched 1000s of proprietary e-commerce websites, predominantly in the travel sector. After achieving over \$100 million dollars in travel sales, over these past 16 years, it's now time to apply our profound knowledge of the industry to implement a major disruption of the antiquated wholesale-to-retail model which is common today.*

*RevoluVIP will upend conventional travel distribution and return the prerogative, in this \$695 billion dollar market, to the consumer.*

# Travelucion Main Office

## Tenerife, Canary Islands

The Canary Islands were chosen as the base for Travelucion for several economically fundamental reasons. The Canary Islands, as a province of Spain, are part of the European Union, however, Canary Island based companies are exempt from European VAT (Value added tax) obligations, which in some member states, [exceeds 25%](#). Cross border taxes are levied at source, therefore, the Canary Islands are one of only two jurisdictions from which products and services can be sold to citizens within the European Union, without the addition of VAT. This provides Travelucion with a major pricing advantage over travel providers domiciled in other member states, thus lowering prices and augmenting the company's competitiveness. A price disparity of up-to 25% is huge in the online travel realm. Furthermore, the European Union has some of the most stringent licensing and bonding laws in the world, providing consumers with bonded protection of up to 1 million Euros. Travelucion is a licensed and bonded European (OTA) Travel Retailer operating under European Law, providing the utmost worldwide protection for consumers, while at the same time benefiting from its geographic location and, Inter-European exemptions on VAT.
